

message from Engage Talent

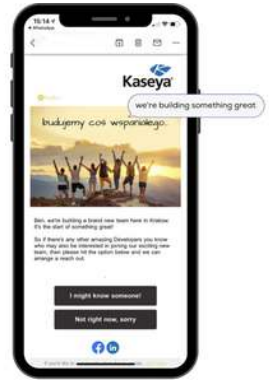

Hi there, I'm Adriano, the co-founder of Engage Talent. We're a recruitment marketing agency focused on candidate engagement leveraging mostly using Bullhorn Automation platform. We build candidate attraction and engaged solutions tailored for high-growth companies.

Bullhorn Automation would be a great platform for many of our client engagements. Over the past few years, we've facilitated over 100,000 candidate interactions. We utilize our creative skills and recruitment expertise to design engaging experiences that deliver phenomenal results for time-sensitive hiring initiatives. We believe making our services available on Bullhorn Automation could provide tremendous value to their customers as well....

creative Engagement

So it's what we do best, and it's what brings Sense engagement to life. Our in-house teams have built digital recruitment campaigns for some of the largest companies in the world, using front-end web design techniques to craft Bullhorn Automation journeys in a way that increases candidate engagement, improves talent experience and builds brand differentiation in the staffing space.

And it really does work; we have hundreds of templates and examples to work with, backed up by intricate analytics as to the best performing journeys across multiple staffing interactions.

- job board management
- applicant experience
- interview journeys
- automation architecture
- surveys, NPS & external reviews
- database engagement
- on-boarding journeys

Bullhorn Automation is a fantastic platform, with endless possibilities, and we know this because we've tried most of them! We also know which ones work and which ones don't, and have a lot of data & analytics to back it up.

Automation is complicated, but it's what our digital team do day in day out and they love nothing more than head scratching and swearing at a screen until they get it right. From candidate attraction automations to end-to-end talent experiences, to boosting your Glassdoor ratings & NPS, we're able to craft complex journeys, with flawless employer branded content, to drive candidate engagement across your business.
